

National Nuclear Security Administration
United States Department of Energy

Recognition Award

Presented at the 7th Molybdenum-99 Topical Meeting
Knoxville, Tennessee, September 23rd-27th, 2018

Nutech College Station
College Station, Texas

In recognition of providing supplies of molybdenum-99/technetium-99m radiopharmaceutical products produced with low enriched uranium since January 2018. This effort is consistent with the Department of Energy/National Nuclear Security Administration's efforts to accelerate the establishment of reliable supplies of Mo-99 produced without highly enriched uranium.

A handwritten signature in black ink, appearing to read "Peter H. Hanlon".

Peter H. Hanlon
Assistant Deputy Administrator
Office of Material Management and Minimization
